Azovaxl 500 LB Azithromycin Dihydrate I.P. 500mg + Lactic Acid Bacillus 60 Million Spores Tablet

- ☀ Exhibits broad spectrum activity against both gram (+)ve & Gram (-)ve organisms.
- ☀ Improves lung function and increases weight in cystic fibrosis.
- ☀ Greater acid stability compared to Erythromycin.
- ☀ FDA approved safe therapy for bacterial infections in pregnancy.
- ☀ Short course of Azithromycin is more efficacious as compared to Co-amoxiclav in community acquired pneumonia.

Community Acquired Pneumonia

Urogenital Infections

Skin & Soft Tissue Infections

Is Chronic Bronchitis
